Run SMS Message from Salesforce Campaign in Classic

Once you created the campaign, added the members, you can now run the Campaign. Click on the '**Run SMS Campaign'** button, the following page will appear:

Here, you can select the Sender ID, required templates, and add the member's status which you want to send the campaign.

- Under the Sender ID section by default, you can view **'SMS', 'Whatsapp',** and **'Facebook'**.
- Click on **'Add/Edit Short Links'** to add short links
- You can choose the appropriate Sender ID
- There are two ways to compose your message. Type the text directly or choose the template from **'Select Template from Contact'**
- Choose the appropriate Campaign from **'Select Template for Contact',** members will be added automatically within the campaign The merge fields will get added within the text and it will shoot the text message to respective leads.

- Enter the name in the **'Name'** field
- You can schedule a recurring campaign depending on the 'Start' and End' date, that's called the age of the campaign
- You can **'Attach Media File'** and '**Contact MMS'** in the respective fields
- Once you fill in all the details click on '**Run Campaign'** the following message will appear:

- Click on **‘OK’** it will run your campaign instantly and the following page will appear:
