

Add SMS Button to Layouts

After creating the SMS button, you need to add the buttons to the record layout such as Contacts, Leads, Opportunities, and so on.

- To add the button to the page layout in Salesforce Lightning, you need to use the Object Manager.
- To add the button to the page layout in Salesforce Classic, you need to use the Quick Find/ Search field to search for the object page and add the button.

You can add the single SMS button to the record page layout for an object such as Contacts, Leads, Opportunities, and so on. The adding of the button is done through the Page Layout option of the object.

Add the Single SMS Button to a Layout Page in Salesforce Lightning

1. From the Salesforce navigation on the top right, click **Setup**.
2. Select **Object Manager** by:
 - Using the **Quick Find / Search field**, or
 - Selecting **Objects and Fields > Object Manager**.

3. Click a record page. Record page can be Contacts, Opportunities, Leads, and so on.
