

Coverage

You can select the primary country of operation for the business. Messages will follow the compliance guidelines and Sender ID restrictions based on the country of coverage.

Under Converse Settings, you can select only a single country. If you need to send messages to multiple countries, send an email to care@screen-magic.com.

You can change the country of operation later if required.

1. Under **Coverage** , select the country from the **Primary Country** drop-down list.

Coverage

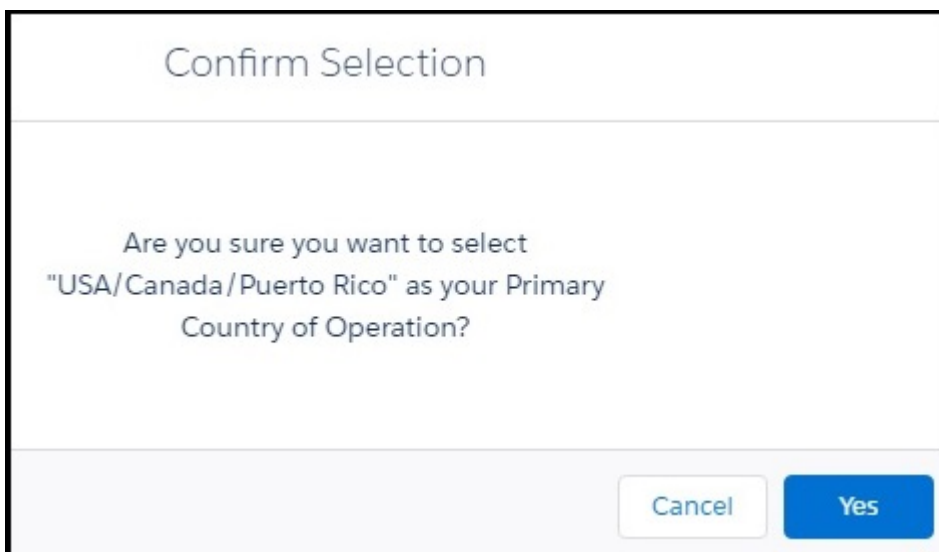

Select your Primary Country of Operation where you would want to send messages.

Primary Country

All ▼

To send messages to other countries, contact care@screen-magic.com

2. Click **Yes** in the **Confirm Selection** pop-up window.

Confirm Selection

Are you sure you want to select
"USA/Canada/Puerto Rico" as your Primary
Country of Operation?

Cancel Yes

3. Click **Go to Next Step**.
